- Assist with regulatory compliance
 - PCI, HIPAA, SOX

Why Choose C2 Company?

C2 Company has **over 20 years experience** in building and troubleshooting networks and are experts in network security.

Our team of **certified experts** have designed, built and managed thousands of complex networks.

C2 Company **does not resell hardware**, instead we leverage the technology our customers have in place, or evaluate and recommend leading-edge technology that meets their specific goals. Hardware sales never cloud our judgment and our fiduciary responsibility is to our customers.
